UNCLE SAM'S DAY

Will be Observed by Wheeling's
Population To-day.

NO PROGRAMME IS ARRANGED

For a General Celebration, but Enough
Attractions are Offered to Meet all
Tastes—Bellaire Offers a Fine List of At-
tractions—The Parks Have Special Cele-
brations—A General Observance is As-
sured.

The celebration of the anniversary of
American independence of Great Britain
is the holiday which appeals most
strongly to the minds of all, and the en-
thusiasm of its observance will not be
diminished to-day. The date of July 4
falling this year upon Sunday has a
tendency to relieve the day of that indi-
vidually which generally characterizes
it, and to spread the celebration over
three days. While this may in some de-
gree tend to lessen the enthusiasm of
any one day, yet in the aggregate the
greater time embraced insures a more
general observance. As each person se-
lects the day most suited to his interests
he can pay more attention to the ar-
rangement of a family outing and carry
to completion what in one day's time it
would be impossible to perform. The
fact of the Fourth coming on Sunday
afforded a theme for numerous pastors
yesterday and services of a patriotic na-
ture were observed in a majority of the
churches.

The improved business outlook has
made possible more lavish expenditures
for fireworks this year than for the past
three or four years, as was evidenced
by the aggregation of noises which oc-
cupied the streets on Saturday night. To
the man with "money to burn" no better
opportunity to rid himself of threatened
plutocracy is afforded than the Fourth
of July, and many are accepting the
challenge.

To-day has been decided upon by the
business houses, banks and factories for
suspension of business and nearly the
whole mercantile and manufacturing
population will take a day off. The
postoffice will be closed in the money or-
der and register departments all day,
and general delivery windows will be
open from 8:30 to 10 a. m. One general
delivery will be made by carriers at 8 a.
m. and two general collections, at 6 and
10 a. m.

The two parks will be the chief points
of attraction for Wheeling people to-day,
as there is no definite programme for the
city in first to these two breathing
places. With their wealth of shade and
gentle zephyrs will enable scorched
humanity to pass a more comfortable
day than in the city. At both parks
dancing will be indulged in during the
day and at night a display of fireworks
will be presented, and other games will
furnish sport for those desiring to partici-
pate. Family parties will picnic at these
resorts and enjoy an old-fashioned Fourth.

Another form of passing the day will
be the wagon picnic, where a party of
congenial spirits drive out to one of the
numerous groves and spend a quiet day
in communion with nature and her
fold beauties. These excursions never
fail to be enjoyed by all who attend and
are quite popular with Wheeling folks.

Another place which will draw a large
number of people will be the picnic on
the fair grounds to-day. A first class
programme of amusements has been ar-
ranged and a fine balloon ascension and
fire works will be among the attractions.
Dancing will be indulged in during the
afternoon and evening, and good music
will be in attendance.

The Carroll Club will keep open house
from 11 a. m. to 10 p. m., to-day, and all
its amusement features, including bow-
ling, billiards and chess will be in full
swing, a feature being a bowling con-
test, commencing at 10 a. m. A prome-
nade concert will be given in the after-
noon and evening.

A great many Wheeling people will go
to the different fishing camps which
abound in this vicinity, and pass a day
free from the cares of etiquette and sar-
torial decrees.

BELLAIRE'S CELEBRATION

Will be One of the Largest in the City's
History.

To-day will be one of the largest days
in the history of Bellaire, if it comes up
to the expectations of the people in
charge of the celebration. Factories,
stores and workshops will all be closed
to join in the celebration of the Fourth.
The parade will start at 10 o'clock
promptly. The line of march will be as
follows: Start from the city building,

sented with a rapid loader worth \$10.

age will receive three pounds gold dust
powder. Shooting will begin at 2 o'clock
eastern time.

The base ball game will start prompt-
ly at 3:30. The base ball team of
Moundville will be here. It will be
strengthened by several Saterville
men. The Capitals will line up as fol-
lows: Kern, p; Robinson, c; G. West-
lake, ss; Witte, lb; W. Westlake, 2b;
Dunn, 3b; Marling, lf; Krider, cf; Jones,
rf; Kane, substitute. There will be sack
races, horse shoe pitching contest also.

Enjoyable Picnic.

A merry party of Wheeling girls and
boys celebrated the glorious Fourth on
Saturday by a wagon picnic at Ryan's
Grove, up Middle Wheeling creek. The
place chosen was a remarkably pretty
one, and very enjoyable time was had
by those who attended. Those compos-
ing the party were Misses Rose, Shof-
fer, Nesbitt, Horner, Reed, McNash,
Wells, Brown, McNash, McNash and
Cowan; Messrs. Handy, Cowan, Reed,
Lockwood, Muldoon, Cowan, Jones and
Hend.

Among the pastimes indulged in was
an improvised ball game, the two sides
being captained by Miss Nesbitt and
Miss Reed. The contest was a fine one
and the Wheeling club might find com-
petent base ball material in the two
teams. Miss Reed's team was the vic-

tor by the score of 11 to 5. The feature
of the game was a double play, unas-
sisted, by Miss Brown.

The party returned at 10 p. m. and
were all very much pleased with the
day's outing.

GARDEN OF THE HESPERIDES

Yesterday at Wheeling Park—To-day this
Resort Offers Superior Attractions.

It was hot everywhere yesterday—
even the cooking stove was warm, but
out at Wheeling Park the highest the
thermometer could go was 80 degrees,
and then it wasn't so warm, if one
know how to keep cool. All one had to
do was to look at Assistant Superin-
tendent Ernest Krieger's unwilted col-
lar, and then go and take a nap under
the generous shades which this popular
resort only affords.

The number of people who sought
this place yesterday to "cool off" were
not disappointed. There were a num-
ber of excursions in town, but the larg-
est one was that over the Wheeling &
Lake Erie railroad. This road brought
about 300 people, and the majority of
them, those from Tiltonville, Ohio, and
the neighborhood, visited Wheeling
Park. There was a secret in this desi-
nation of their pilgrimage which the
writer cannot help giving away. It
seems that away back—no one knows
how remote, Ernest Krieger used to be
a little boy in that locality, so small
that his trousers could be put in a wal-
nut hull. Yesterday when some of his
playmates met him they almost failed
to recognize him, and the only sign of
identification that made him "straight"
with them was his wide open hollyhock
smile. It is needless to say that the as-
sistant superintendent treated his
friends of his "doll rags and dishes
days" right. So well did he entertain
them that they have arranged for hold-
ing a picnic in the park at an early day.

The opera house band yesterday dis-
coursed their usual sweet strains under
very moist conditions. To-day the park
will be wide open for all who care to
seek its grateful shades. The opera
house band will be on hand at 2 o'clock
and will remain until the hour of mid-
night. They will furnish both band
and dancing music. The park restaurant,
in the hands of skilful and competent
caterers, will answer to the call of the
most fastidious palate. It is a good
place to spend the day quietly and
rationally, and Col. August Rolf and his
able assistants will see that everybody
enjoys themselves. Out there you have
shade, grassy slopes, bowered walks,
and the lake. What more can you ask
for a quarter? This is the day they
celebrate out there.

SLIGHT COLLISION

Of a Passenger Train and Some Freight
Cars on the Peninsula.

The Baltimore & Ohio "cannon ball"
express figured in a slight collision with
some Terminal freight cars, yesterday
morning, about 10 o'clock, on the other
side of the Peninsula tunnel. One
side of the baggage car was badly
wrecked, and the baggage master re-
ceived quite a shaking up, but there
were no other results of the accident.

The collision occurred at the junction
of the Baltimore & Ohio and Terminal
tracks. Some freight cars had been
backed too far on the switch, causing
the cannon ball to side-swipe them, with
the result stated.
